FROM:

Director, Office of Imagery Collection and Exploitation

SUBJECT:

Release of FY 82 Contract Monies for OICE Contract with General Electric [Redacted]

25X1

1. The purpose of this memorandum is to request your approval for the release of [Redacted] of FY 82 contract monies. These monies would be used for funding a portion of the GE effort which provides support to my staff for the development and implementation of CAMS II. This effort is our largest contract effort at this time and will continue throughout FY 83. Any monies that we can provide at this time will provide us with some relief in funding our important efforts planned for FY 1983. [Redacted]

2. For your information, GE is doing an outstanding job in their initial response to this ongoing effort. They have approached the problem in a very systematic way, identifying key personnel and expect to be fully staffed within four to six weeks. [Redacted]

3. On 17 September you approved the release of [Redacted] of contract monies to initiate our planning integration support efforts with QSI. Unfortunately, the Office of Logistics will be unable to add this as a new task to an ongoing ODP contract with QSI. Therefore, with your approval our plan is to also use these funds in the GE effort. We now plan to initiate the QSI effort as a new contract in FY 83. We expect to do this in early October 1982. 4. Upon approval of this request, I will prepare a memorandum requesting the Admin Staff to transfer the [Redacted] to OD&E for our GE CAMS II support contract. [Redacted]
